Saint Paschal Baylon Catholic School

School Jump Start Program

July 21st – August 1st

The summer program is offered to students who will be entering kindergarten through grade five and who would benefit from a program of maintenance and reinforcement of basic skills or a program of enrichment. The kindergarten program prepares students for the school environment and introduces them to their new classmates. Back again this year: STREAM Fun! Each day a different activity will be introduced and students will create, build, and explore using Science, Technology, Religion, Engineering, Art, and Math. Classes will be taught by teachers from Saint Paschal Baylon Catholic School and will be held in classrooms.

Tuition

Tuition for the summer program is $125.00 per class session. This fee includes instruction, all books, and supplies. There will be a discounted rate for students who register for all classes offered at their grade level (Gr. 1: 3 classes = $325; Gr. 2-5: 4 classes = $450). Please return this completed registration form (one per family), payment, and the Emergency Medical Form (one per child) to your child's teacher no later than Friday, May 23rd. The Emergency Medical Form is on the back of the registration form. Additional copies can be given if you have more than one child attending the program. In the event that a class is canceled for insufficient enrollment, a refund will be made for that class only. Otherwise, no refunds will be made.

Classes

Classes will be held Monday through Friday for two weeks. Grades listed are for the grade in which your child will be entering next school year. Children/families who are new to our school are strongly encouraged to attend. We realize families may be on vacation for one of the two weeks. If you can only attend for one of the two weeks, please contact Mrs. Popelka at: mpopelka@saintpaschal.com for more information.

Grade K – Orientation to Kindergarten

11:00 - 12:00 pm

STREAM Fun Gr. 1–3

Daily hands on STREAM challenges
